DRIVER SIDE - 76" SLEEPER SKIRTS WITH EXTENDERS UNDERBODY EXHAUST, NO FUEL FILL CUTOUT

On the 2022+ Kenworth T680 Next Gen models the fuel fill location varies from side to side. As a result of the different configurations, the sleeper skirts are sold individually by side (driver or passenger). To measure the fuel fill location for trucks with chassis fairings under the sleeper, measure from the body line where the sleeper meets the transition to the center of the fuel cap

AIR CLEANER LIGHT BARS

PREMIUM CAN VS. STANDARD CAN

To determine your type of can look at the top of the air cleaner (where the cover meets the can). If there is a flange, your can is a Standard Can; if it is flat with no flange it is a Premium Can.
